Cameron Langdon-Johnson
Software Engineer
Saint Petersburg, FL • (727) 798-2703

camlangdev@gmail.com | in/cameron-langdon-johnson/ | https://github.com/cameronjoy | Portfolio

I'm a results driven junior software engineer looking to work with a company where I can grow and challenge myself. I have an extensive background in customer service which taught me how to work well with others. I'm adaptable and love to solve problems; my toolkit includes JavaScript, React, and Python.

Skills
Languages | JavaScript, HTML, CSS, Python
Libraries and Frameworks | Node.js, Express.js, React, Flask
Database | PostgreSQL, Sequelize, ORM, SQLAlchemy
Other | RESTful Routing JSON, CRUD

Projects
Parkhopper | React web app
Javascript, React, Express.js, Axios, Bootstrap   07/2021
- React app that uses the National Parks API to search for national parks in your area
- Gives info on the park, weather, and activities/amenities the park offers
- Login functionality gives you the ability to save your favorite parks to your account

I'm Bored | Web app
Node.js, Express, Bored API, Axios, Bootstrap   06/2021
- App that searches Bored API for activity requirements and generates activities for you to save to your favorites list
- On favorites page, can delete activities and edit notes for each activity
- Bootstrap used for styling

Roadkill | Javascript Web app
Endless Frogger style Javascript game developed in a 1-week sprint   05/2021
- Control character with arrow keys to navigate through traffic and float on items to get to safety
- Created spritesheet to animate jumping for moving character
- Implemented collision detection for obstacles

Professional Experience
Paciugo Gelato Cafe | St. Petersburg, FL
Lead   05/2019 - Current
- Managed high stress environments, including holiday seasons and enforcing new pandemic protocols with staff and customers.
- Trained new employees and managed 2 - 5 people a shift to provide excellent customer service.
- Trusted to handle money and close shop at the end of shifts.
- Selected to assist with catering events of 50 - 200 people.
- Prepared up to 30 6-liter pans of gelato a shift, including 38 signature flavors.

Publix | St. Petersburg, FL
Cashier   11/2015 - 11/2019
- Ran register at the second busiest Publix in my district, providing excellent customer service to customers.
- Trained in multiple departments of the store including customer service, grocery, bakery, and deli.

Education

Software Engineering Immersive Program
General Assembly | Remote   **5/2021 - 8/2021**

 Full-stack software engineering immersive student in an intensive, twelve-week, 450+ hour program focused on product development fundamentals, object-oriented programming, MVC frameworks, data modeling, and team collaboration strategies. Developed a portfolio of individual and group projects.

Saint Petersburg College | Saint Petersburg, FL
Completed 27 credits, including Intro to Computer Science
